PROFIBUS INTERFACE
Interface converter

1. Product

2. Technical features

Power supply	10 – 30Vdc		**Support material**	Selfextinguish Noryl (UL 94 V-0)
Power consumption	2 W		**Front protection degree**	IP 40
Isolation	II class		**Power connection**	Terminal blocks, pitch 5.08 mm
Installation category	II cat.		**Serial connections**	DSUB 9P
Operating temperature	–10°C / +50°C (max humidity 85% non-condensing)		**Serial Port 1**	Rs232 / Rs485
Storage temperature	–20°C / +60°C		**Serial Port 2**	Profibus DP
Overall dimensions	71 mm x 90 mm x 58 mm (l x h x p)		**Compliance with regulations**	EN61000-6-2, EN61000-6-3, EN61010-1
Mounting	On OMEGA bar		**Note:** This interface must be connected to a compatible instrument like SE
