

SERIAL TO ETHERNET BRIDGE

Interface converter

1. Product

2. Technical features

Power supply	10 - 30Vdc
Power consumption	1 W
Isolation	II class
Installation category	II cat.
Operating temperature	-10°C / +50°C (max humidity 85% non-condensing)
Storage temperature	-20°C / +60°C
Overall dimensions	55 mm x 90 mm x 58 mm (l x h x p)
Mounting	On OMEGA bar

Support material	NORYL UL 94 V-0
Connections	Terminal blocks, pitch 5.08 mm
Ethernet connection	RJ-45
Serial Ports	Rs232 / Rs485
Ethernet protocols	TCP, Modbus/TCP, UDP, IP, ICMP, ARP
Ethernet communication mode	TCP server
Ethernet LED indicators	For Ethernet line and communication/diagnostic
Compliance with regulations	EN61000-6-2, EN61000-6-3, EN61010-1
